Miguel,

Thank you very much for the opportunity to work with you and your group to provide a portable shower and restroom solution. We at Montondo Trailer take tremendous pride in what we do and would welcome you to join our growing list of satisfied clients.

All trailers built by Montondo Trailer are designed for ease of use, cleaning, maintenance, and repairs. Using standard commercial building principles, we have incorporated access to all plumbing and systems. Interior walls are metal framed and insulated (2' x 4' - 16" O.C.) with smooth FRP, PEX supply lines and each seam is sealed to create a moisture resistant barrier. Our waste/greywater tanks are rotationally molded poly, designed for ease of cleaning and longevity. The focus, on all of our builds and designs, is on providing a high quality product made to last, which will protect our clients investments.

As each unit is custom built, we have to opportunity to fine tune and adjust the project should the need arise. We offer a wide variety of designs and configurations and will work with you to provide the best possible solution for each unique application. All prices are valid until October 31st 2021.

We look forward to working with you and appreciate any and all feedback along the way.

Sincerely,

Daniel Pfohl
